# FACULTY OF ENGINEERING & TECHNOLOGY

**Mind Power University (MPU)** is dedicated to fostering innovation and excellence in the fields of engineering and technology. With an emphasis on integrating theoretical knowledge with practical applications, MPU prepares students to tackle the challenges of the modern world. The University approach combines cutting-edge research, hands-on experience, and a strong focus on interdisciplinary collaboration.

At Mind Power University, We develop **world-class engineers and computer scientists**. We help these bright minds develop into change-makers with global perspectives, technical prowess, and leadership skills to make a **significant difference in the world**.

We provide an **Education of the highest quality** that will challenge and encourage you to **become an independent thinker**, equipped to respond to your university experience and your future.

## COURSES OFFERED

### Diploma (2/3 Years)

Diploma In  
Civil Engineering

Diploma In Mechanical  
Engineering

Diploma In  
Electrical Engineering

Diploma In  
Computer Science

### B.Tech (4 Years)

B.Tech (Mechanical  
Engineering)

B.Tech (Electronics  
& Communication)

B.Tech (Drone  
Technology)

B.Tech (Artificial Intelligence  
& Machine Learning)

B.Tech (Data Science &  
Cloud Computing)

B.Tech (Cyber Security &  
Forensic Science)

### M.Tech (2 Years)

## OUR TRAINING PARTNERS

Mind Power University stands at the forefront of engineering and technology education, offering a robust curriculum, innovative research opportunities, and a commitment to producing skilled professionals ready to lead in their fields. By fostering a culture of creativity, collaboration, and critical thinking, MPU prepares its graduates to make meaningful contributions to society and the global economy.

# FACULTY OF COMPUTER APPLICATION

The **BCA & MCA** Program at Mind Power University is designed to equip students with a comprehensive understanding of computer applications and information technology. This innovative program combines theoretical knowledge with practical skills, ensuring that graduates are well-prepared to meet the demands of the ever-evolving tech industry.

The curriculum covers a wide range of topics, including programming languages, software development, database management, and web technologies, emphasizing hands-on experience through projects and collaborative learning. Students benefit from a supportive learning environment, access to state-of-the-art facilities, and guidance from experienced faculty members who are passionate about nurturing the next generation of IT professionals.

By fostering critical thinking, problem-solving abilities, and effective communication skills, the **BCA & MCA** Program at Mind Power University aims to empower students to excel in their careers and contribute meaningfully to the technological landscape.

## COURSES OFFERED

**BCA (Bachelor Of Computer Application) 3 Years**  
(Data Sciences & Artificial Intelligence)

**MCA (Master Of Computer Application) 2 Years**  
(Data Sciences & Artificial Intelligence)

## OUR PROMINENT PARTNERS

We have collaborations with some world-class companies to include faculty development programs, soft-skills training workshops, industrial visits, technical competitions, live projects and guest lectures.

Notably, our Engineering facilities include a number of instructional and research laboratories along with industry collaborations with Bluechip Companies.

# HOW TO APPLY?

## 1. Check the Eligibility Criteria

Diploma:

10th grade with a minimum of 50% in any stream or 10+2 (PCM).

B.Tech:

10+2 (PCM) with a minimum of 50%.

M.Tech:

B.Tech or B.E. with a minimum of 55%.

BCA:

10+2 with a minimum of 50% in any stream.

MCA:

BCA or B.Sc (CS) with a minimum of 55%.

Additionally, candidates can also appear for the MPUCET (Mind Power University Common Entrance Test).

## 2. Apply Online:

Visit the Mind Power University website today and submit your application.
